THURSDAY EVENING, MARCH 24.

RICHMOND AND WEST POINT.—The board of directors of the Richmond and West Point Terminal Company, at their meeting in New York yesterday, approved the annual report of the company to be presented to the stockholders. The report shows that the company owns securities amounting to \$45,076,804. The total amount of common stock issued is \$40,000,000, and preferred \$5,000,000. The only bonds outstanding is the collateral trust loan of \$8,500,000, the interest on which, \$510,000, is the only absolute fixed charge. The dividends on the East Tennessee preferred, and interest on bonds owned by the company are amply sufficient to pay this without necessitating dividends upon the Richmond and Danville stock; the belief is expressed that the revenues of the company will be ample to provide for dividends on the preferred stock as well as interest upon the bonds. The mileage now owned and controlled is 1,477 miles. The report concludes: "Until time and results shall have indorsed the wisdom of putting together the properties now under the control of the company the stockholders may accept the policy of this company to be not to acquire any additional property, except where such acquisition will undoubtedly result in strengthening the financial resources as well as the credit of the company, and then only after the fullest investigation, and where the effect of such acquisition cannot but enhance the value of the stock of the Terminal Company."
